DUNKELBERGERS IN AMERICA INCORPORATED

In the Fall of 1991, the paid members of our association voted in a mailed ballot to incorporate. The affirmative response was overwhelming. Attorney Leonard Quittner has helped us in the process and our Incorporation became official in the State of Pennsylvania December 31, 1991. We await tax free approval from the I. R. S. Attorney Quittner helped us in the writing of our by-laws and is advising us in copyright procedures in anticipation of the release of our comprehensive Dunkelberger genealogy this Spring.

A synopsis of the proposed by-laws is included in this newsletter. Complete copies of the proposed by-laws will be posted and available at the Business meeting Friday night and at the reunion Saturday. Parts of the by-laws that were omitted pertained to protecting individuals acting for the association, and other legalities necessary for incorporation status. Please read the by-laws carefully. If you have points of disagreement and can not attend the reunion, drop a note to the chairperson, Mary Jane deTurck. She will post your comments for all to read at the business meeting and at the reunion. Mary Jane's address follows:

Mary Jane deTurck: 3604 St. Lawrence Avenue, Reading PA 19606

VOLUNTEERS NEEDED TO SERVE

The nominating committee consists of Mary Jane Seiger and Fern Kissam. Mary Jane is chairing the committee. Nominations from you are most welcome but please get the permission of the person you are nominating before submitting the name. Please do not stand on any type of protocol and DO volunteer yourself. The by-laws were written to minimize on the time demanded by any office except that of historian. It is not necessary to have the name of "Dunkelberger" to run for office. It is not even necessary to have "Dunkelberger" blood. Spouses are welcome. It is important that officers and the reunion committee chairperson be able to attend meetings in Berks Co. It is certainly desirable that some of the reunion committee be able to attend meetings in Berks Co. Incorporation is not a magical status that assures our family association of success. A few people have worked very hard to develop the foundation for success but without your participation and service in positions of responsibility we shall surely fail. That is why we failed before! Berks Countians, it is time to stand up and be counted and assume the responsibility that goes with preserving our heritage. All that is expected is that some representative from your branch takes a turn. We would like to have the basis for a slate from your responses before the Friday night business meeting. Mary Jane is the chairperson. Her address follows:

Mary Jane Seiger: 38 Irish Creek Village, Mohrsville PA 19541

NORTHUMBERLAND COUNTY RICH IN DUNKELBERGER LANDMARKS

When you check our genealogy you will notice the other densely populated area of Dunkelbergers is in Little Mahanoy Township and near Shamokin in Northumberland County, PA. You will notice the by-laws stipulate that Berks County Dunkelberger reunions be held every other year. Consequently the next reunion in Berks County after 1992 would be 1994. The by-laws encourage satellite reunions. If you live in that area, would you volunteer to chair a reunion committee and organize the reunion in 1993 or another odd numbered year? Newsletters will continue to be printed and distributed yearly.

LASER JET PRINT

A Hewlett Packard LaserJet IIP plus printer was purchased by the editor and was used for this newsletter and will be used for our genealogy. The association will be providing the paper and toner and will be charged for the use of the printer.

IDENTIFICATION NUMBER ON MAILING LABEL

Eventually everyone will have his very own identification number. This number will be a permanent part of your mailing label. If you are a descendent of Clemens your number will begin with a "1". If you are a descendent of Hans Peter your number will begin with a "4". Your number will be determined through your line of descent depending upon the order of birth. If there are more than 9 children in the family the numbers continue from 9 to A, B, etc. Your membership status in this family association will also be indicated on the label. The membership year extends from June 1 until May 31 of the following year. If your membership expires in May of 1992, a "6/92" will appear on your label. If there is no indication of an expiration term your membership dues are payable now. Our genealogy will include a mailing list of over 1500 Dunkelberger families. If you do not have a number it probably is because your name does not provide enough information to determine your lineage or your lineage connection is not known. If you do not have a number please include your lineage when you acknowledge your address. Some of the identification numbers listed in the mailing list might be incorrect. Eventually the numbers will all be cross-checked with the index of our genealogy but this might not be possible before the Spring release. Please direct all questions to the editor and historian.

NEIN AND SCHWALM COLLABORATE DUNKELBERGER GENEALOGY

We are fortunate that through the history of Dunkelbergers in America, beginning in 1728, our ancestors thought it important to record family events. Three notables are Irvin A. Dunkelberger, Sadie (Dunkelberger) Voss and Carrie (Dunkelberger) Zimmerman. Shirley J. Turner released two editions of our genealogy. The first was released in 1980 after which Dunkelbergers again began having reunions. Turner was named historian and began collecting information for the second edition which was released in 1982. Harry I. Dunkleberger researched our roots in Germany. Turner was invited to share a by-line in this publication. As of now she has not submitted any new updated material. If you submitted information to Turner recently and want it included in this publication, please re-submit to Nein as soon as possible.

Carolyn Schwalm and her family have been actively researching Dunkelbergers for many years, specifically the lineage of Clemens and Anna Maria (Hauer) Dunkelberger. Her research included the proving and/or disproving of the Dunkelberger charts. Her findings have never before been published. Jackie Nein has added a great deal to the lineage of Hans Peter of Berks County and has compiled the information for this publication.

It is not possible to exact a price for this edition since you have until March 15, 1992 to send in updates. The price quote is an estimate and a refund will be made when the cost is determined in April. The book will exceed 600 pages and include an every name index and a mailing list of over 1600 Dunkelberger families. The estimated price for the hard bound edition is $87. The unbound edition will cost $73. Add $5.00 for postage and handling or plan to pick up your book at the reunion. If you prepay by April 1, 1992 you will receive an approximate ten percent discount and your cost will be $79.00 and $65.00 respectively.

Since a number of you have already purchased two editions of our genealogy, an alternative to purchasing the book is available. For $10 you can receive a laserjet print- out of the available information on your lineage which will include you and your descendants, your siblings, and your line back to Clemens and Margaretha (Godschalck) Dunkelberger in the early 1700's. If you purchase a 3 year membership the cost of this print-out is $5. This print- out will not exceed ten pages. If information on your family was never submitted or up-dated, consider this alternative. After the purchase, you can submit an update and include any corrections. The family association plans to continue with editions more often and does not plan to over print this edition. We do not advise buying more than one copy of this edition. Any genealogy is never complete or without error and so it will be with ours. By using your alternatives and staggering your purchases, you can keep receiving the latest information. Many reasons exist why it was decided not to make information available on computer discs.

SERVICE RECOGNIZED

The following officers assumed responsibility for 1991 for organizing and planning, and helping and advising the reunion committee. Lesley Wegman also helped with the plans for the reunion this year before she and her sister Joan Lam resigned from the committee. A huge thank you to everyone who helped make the 1991 reunion a success and to all who are helping our family organization flourish. Volunteers for the reunion committee and suggestions for reunions are welcome. This group also helped proof-read our genealogy along with Claire Mueller, and the Schwalms. Donald Krick was responsible for the photography of our great reunion pictures. April Harris and her committee of young auction helpers made the raffle and the auction most profitable. Michel deTurck did a fabulous job with his narration of the trackless trolley trip through the Oley Valley. Maurice deTurck III submitted the sketch of a distelfink for our book cover. Paul C. Dunkelberger made all the arrangements necessary for our heritage trip to Germany.

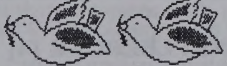
God Promises Peace on Wings of Prayer

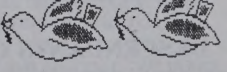
by Pearl Davis [1-323-647]

When living each day is in complete despair
And your heart has grown heavy with earthly care,
Tis our prayer for peace we must ever hold fast
As we sail life's stormy sea to the last.

Let your heart soar quickly above life's weary load
Using God's shortest and smoothest road,
Swiftly to wing where He bids us go
Round each prayer for peace is a heavenly glow.



Through his lumination an angel band flies
Singing His message, each one tries,
To awaken hearts who are ready to hear
"God's Kingdom of Peace has started this year."



Next to the angels his doves wing fast
Bearing banners of peace they come at last,
They signal God's mercy as they wing through air
God promises peace on wings of prayer.

SUNDAY CHURCH SERVICE AT SALEM BELLEMAN'S 10:15 A.M.

Dunkelbergers will join together Sunday July 12, 1992 for the U. C. C. church service at Salem Belleman located at R. D. No. 1, Mohrsville, PA. From Route 61 at the light in Leesport, turn left and cross the bridge over the river. After the bridge, take a right at the very first house and continue bearing right until you reach the village of Dauberville. At Dauberville, turn left onto Belleman's Church Road and stay on this road until you reach the church. All Dunkelbergers shall sit together in a designated location. In 1746 a log structure was erected for the church and was located near the old cemetery. In 1815, the log structure was replaced by the church situated near the present site of worship. After the regular church service we have been invited to tour this 1815 structure. Milton Blatt, the church historian, will briefly tell us about the history of this union church and cemetery. Belleman's is still a union church. Bellemans was attended by many of our Dunkelberger ancestors. Two of the earlier known Dunkelberger burials are located in this old cemetery, specifically Peter and Magdalena (Bohn) Dunkelberger. Peter was born September 23, 1779 and died April 17, 1854; Magdalena, his wife, was born September 15, 1779 and died July 3, 1858.

After a short tour of the cemetery, and a picnic lunch at the church pavilion, a Dunkelberger road ramble will depart from the parking lot at approximately noon. You are invited to pack your own lunch after our meal at the reunion. These lunches will be refrigerated for you and transported to the church with some beverages. Donations for the lunches will be accepted at the time of packing.

ROAD RAMBLE TOUR INCLUDES LOCATIONS OF EARLY DUNKELBERGER LAND PATENTS

The Dunkelberger Road Ramble instructions may be picked up at noon from the Belleman parking lot. Both Peter and Clement had early land warrants near the Dreibelbis Bridge and the old Dunkel Church. Clement's first patent was dated January 4, 1734; Peter's land adjoined and was dated August 1, 1734. About 1/3 mile south from the bridge, Clement's land began and Peter's probably began about a mile south of the bridge. Peter had another patent registered in Windsor Castle in 1749. Other points of local interest will be noted on the ramble.

Registration for this ramble is essential. If you do not plan to pack your lunch at the reunion, bring your own lunch and join the others before the ramble. You do not have to attend church to participate in the ramble. A number of Dunkelbergers have researched the locations of the early Dunkelberger lands. Hopefully, they will meet us at the 2 sites and share their knowledge.

FOREST SOLDIER DESCRIBES LIFE IN NEARBY CAMP

October 12, 1933 Camp Scribe Tells of Work Being Done at DUNKELBERGER

The Shamokin News-Dispatch has received an interesting letter from the camp scribe of the detail form Company 383 of the Civilian Conservation Corps, from state camp No. 95 at Laporte, which is encamped at Dunkelberger, below Trevorton, where it is engaged in building a fire lane through the forest to the site of a projected fire tower.

To the Editor:

Just a few lines to let you know about our camp, when we arrived, what we are doing and how we are enjoying the place.

Thursday afternoon we arrived here a little tired and weary after 110 miles of riding. We had chow, and did we eat! Then we had the tents up in no time untill it resembled a fair sized camp. We didn't start any real work until Monday. Then we started a road from Stinehart's mine and covered over 750 feet the first day. At this rate we will have the tower project finished in a week. We are also on top of the hill now. All the boys are stuck on the location and climate as compared with that of our camp in LaPorte. We just pulled through two floods in which one life was lost.

We are stationed near Steinhart's mine at Dunkelberger. The camp is in charge of Lt. Chissoc, assisted by Capt. Manivitch, as well as Sgt Stewart Bloss, Mess Sgt Reginald Westwood Skibo, all regulars and all local boys. Construction work is headed by Lawrence Miller, better known as Chesty, ably assisted by Chief Masel. The mechanical work is done by Roy Neightig, barber, shoemaker and blacksmith. Our whole camp consists of 25 members, mostly local boys who wanted to be near home including our mascot, Janny. Mr. J. Phillips, local ranger and Mr. Phillips the farmer whose field we are using for camping have been very thoughtful and their help and kindness are appreciated. And last but not least we like Shamokin and Trevorton the best of all. Formerly we were 15 miles from the nearest town of any size and that had a population of only 500.

Respectfully submitted,
Steven Ketchel, camp scribe

DUNKELBERGER GENEALOGY EDITED BY J. NEIN DEDICATED TO CAROLYN (DUNKELBERGER) SCHWALM [1-332-121-1]

Carolyn Schwalm is a name synonymous with genealogy.

Carolyn and her husband, Dr. Glenn P., of Valley View, PA are well known for their contributions to genealogy. In 1904, Carolyn's grandfather, James H. Dunkelberger of Hegins, PA, wrote the first known printed history of the Dunkelberger family in the form of a Broadside. This publication formed the basis of articles in Montgomery's *History of Berks County* and *Biographical Annals of Northumberland County*. Carolyn continued to identify Dunkelbergers and has actively researched for many years. Family vacations were planned around distant Dunkelberger research. Carolyn is an authority on the families of Schuylkill and Northumberland Counties. Over the years, she and her husband have copied many local church and cemetery records and collected numerous histories and genealogies. Carolyn has also been very active in the D. A. R. and has helped many applicants establish their membership in this organization.

Much Dunkelberger information was obtained through Carolyn's persistent and determined correspondence without the use of form letters; each inquiry was a personal communication. Carolyn's library, her hospitality and her culinary endeavors make Valley View a popular stop for avid genealogists.

In the true spirit of genealogy, Carolyn believes that knowledge should be shared. We are fortunate, indeed, to have her research included in this Dunkelberger publication and to have Glenn's contributions on the area history and the reports on the Dunkelberger landmarks. We are thankful to the Schwalms.

Carolyn Schwalm died January 22, 1993.

1992-94 FAMILY ASSOCIATION OFFICERS

L. to R.: President, PAUL C. DUNKELBERGER; Historian, JACQUELINE B. NEIN; Secretary, JEAN CAMBRIA; Treasurer, JAMES E. DUNKELBERGER and Vice President, STEVEN EINSEL

MESSAGE FROM YOUR PRESIDENT

by: Paul C. Dunkelberger

There is a tide that binds all Dunkelbergers together, regardless of where they live, and that is our family association, "Dunkelbergers in America". We can take great pride in the growth and development of our family association since it's inception in 1980. As a result of our recently adopted by-laws, our newsletters, our reunions and related week-end activities, and of course, our comprehensive, recently published genealogy our association is recognized as a model to many family groups.

It has been my honor and privilege to have served as the first president of our family association in 1980, and to have been closely associated with it from that time to the present. I can say with assurance that we do have a fine, sound, and well-grounded association that deserves the support of all Dunkelbergers. This support is evident when you join our association and when you add and update the information on your family. With the help and involvement of the membership it has a great future.

Several years ago it became obvious that the association needed to be rejuvenated through a reorganization process, and given a more formal structure. Work was begun on this process, and at the 1992 reunion the organization and by-laws were unanimously approved. These meaningful and well conceived by-laws will guide the association in the future. Those who participated in this process assisted in achieving a significant milestone in the history of our association. Mary Jane deTurck served as chairperson of the By-Laws Committee and Jacqueline B. Nein served as the motivator who brought about the reorganization.

Our 1992 reunion week-end was a decided success. On Saturday we had good fellowship, fine entertainment, an abundance of tasty food, and an eventful and meaningful business session. The events moved along well holding everyone's attention throughout the day. On Sunday many Dunkelbergers attended Belleman's Church in Centre Township, Berks County, where, over the years many Dunkelbergers attended services and where many are buried. The earliest Dunkelberger burial was Peter, the grandson of the immigrant and Peter's wife, Magdalena (Bohn). After attending the service in a beautiful and relatively modern sanctuary, our group visited the former, historic church built in 1815. This old building replaced a log structure built in 1746. The local historian, Milton Blatt, greeted us and answered our questions. After touring the cemetery in and among raindrops we picnicked in the church pavilion before beginning our Road Ramble. The Ramble was planned and directed by Bernice Sell; Betty Stetzler served as safety chairperson. The Ramble took the group to the locations where our immigrant ancestors settled and had substantial land holdings, dating back to 1734.

As specified in the newly adopted by-laws, reunions of the *Dunkelbergers In America* will be held biennially in Berks County, beginning in 1992. As a consequence, there will be no reunion of the association in 1993. Instead, satellite reunions in various regions are encouraged in the odd-numbered years. Accordingly, a satelite reunion will be held on Sunday, August 8, 1993, at the Tall Cedars in Augustaville, Northumberland County, PA. Pearl (Dunkelberger) Davis will be in charge. The next reunion of our association will be held in Berks County Saturday, July 9, 1994.

We are fortunate to have dedicated officers serving for the next two years. Please accept our thank you for your trust and confidence.

Our association is prepared to bond us together and serve our family well but it is only with the active interest and involvement of the membership that our future is assured, but only if every member believes that "if it is to be it's up to me"!

A TRIBUTE TO SHIRLEY J. TURNER

by: Paul C. Dunkelberger, President

Shirley J. Turner departed this life, June 30, 1992 in Tucson, AZ. Members of our Dunkelberger Association were shocked and saddened when they learned of this sudden, untimely and tragic death. This newsletter is dedicated to the memory of Shirley in thankful recognition of her contribution to the now vast volume of information and research on the Dunkelbergers.

Shirley, (1-412-441-21), in 1980, published the first printed genealogy on Dunkelbergers. In 1982 she expanded the information in a second edition. Shirley has also published other books. More recently she was working on the identification of the specific location of the original homesteads of our emigrants here in Berks County. Her work is thorough, scholarly and her efforts untiring. Her accomplishments, will now forever serve as a fitting tribute to her.

Finally, let us all take comfort in the thought that Shirley has crossed the bridge that leads beyond the world of time and space, to a peaceful valley, and a lovely dwelling place, where peace and tranquility forever abide, across the bridge that leads beyond the peaceful valley bend!

1992 REUNION WEEK END COMMITTEE

[*Editor's note:* A special thank you to Paul C. Dunkelberger who was responsible for creating the final drafts of the by-laws that were approved at the 1992 reunion and who planned and organized the trip to Germany that had to be canceled due to lack of interest. Paul was the featured speaker at the Pennsylvania Dutch Festival at Grings's Mill this past summer.]

SATELITE REUNION SCHEDULED

A satelite reunion is scheduled for Sunday, August 8, 1993, at the Tall Cedars in Augustaville, Northumberland County, PA. Pearl (Dunkelberger) Davis [1-323-647] and her committee have planned some very special events in addition to the afternoon repast which will be a chicken barbecue dinner and will cost $6.00. Extra plates will be available for small children to share food. Reunion registration is from 11:30 A.M. until 12:30 P.M. The meal will be served at 12:30. Pearl needs a count so please **register by July 1**. Our speaker for the afternoon will be Frederick Reed, Northumberland County Register and Recorder of Deeds (1-451-512-1).

The Tall Cedars Grove is located right near Augustaville, PA. From Route 61 east of Sunbury turn onto Route 890 at the Gargoyle Restaurant 2.6 miles to the church on the left. Turn left at the church and go .9 miles and then turn right at the sign for Tall Cedars Grove. From Route 225 at Treverton turn north onto Route 890 until you reach the Augustaville church, turn right .9 miles to the Grove Sign.

The Phillips Motel is the designated over night headquarters. The motel is located at R.D. Selingsgrove, PA, 717-743-3100. **It is important that you make reservations before July 1.** Rooms will not be held after that date. Please mention you are with the Dunkelbergers.

NORTHUMBERLAND BUS TOUR SCHEDULED

A bus tour of the various Dunkelberger settlement sites is scheduled for 8:30 A.M., leaving from the Tall Cedars Grove. We will return to the picnic grove in time to register. Remember even though the children of Clements and Anna Maria (Hauer) Dunkelberger were born in Berks County, PA, John [1-3], Frederick [1-4] and Christopher [1-5] moved to and settled the Northumberland County area [refer to Dr. Glenn Schwalm's map on Page VII of our genealogy]. Clement Jr. owned land in Northumberland and was taxed as a non-resident in 1787. Over the years Dr. Schwalm has become familiar with and is an authority on the area. We will have to charge for this trip to pay for the bus, but please do not send any money with your reunion registration. Simply indicate the number of people participating in the tour and make sure we have your phone number in case plans have to be changed.

WORSHIP TOGETHER

The little church right at Wolf's crossroads at Augustaville was attended by many early Dunkelbergers. Dunkelbergers are invited to worship together Sunday morning. The church is presently United Lutheran. Services will begin at 10:30 A. M. in this country church. People participating in the bus tour probably will not be able to attend the services.

BERNICE SELL NARRATES TOUR OF HOMESTEAD SITES OF CLEMENT [1] & PETER DUNKELBERGER [4]

Zion Evangelical Lutheran and Reformed Church now located in Perry Township, near the border of Windsor was originally in Windsor Township. Part of the land which is now the cemetery was earlier Peter Dunkelberger's land. The road separated it from the church. Peter's land crossed the street and ran along the north boundary of the church property, almost to Pigeon Creek on the east. On the north and west Pigeon Creek flows through what was Peter's land. Peter relocated to lands around Windsor Castle with three large landholdings. Earlier he had land around the Maidencreek next to Clement's land, and in Greenwich Township. In spite of the location, there is only one Dunkelberger on the old cemetery: a fieldstone with no dates for a Nathan Dunkelberger, 15th row, stone 9. There are only 4 baptisms of Dunkelberger children in this early church record. It is likely that Peter died here on these lands in Windsor, but no burial plot has been found. The Dreibelbis Hotel, earlier known as the Ontelaunee Hotel, stands on land that may have been part of Peter's first grant August 1, 1734. That was in Greenwich, next to Clement's land. Here, Peter's land went back some distance along the left fork on the Shoemakersville Road. His land did cross Route 143 and the Maidencreek here, so part of it was in Greenwich. The bungalows across from the Dreibelbis Hotel are on Peter's former lands. On that farm a building was erected in 1893, to be a hotel. Since the railroad did not come through there, it was used as a residence. There is some evidence that this hotel was built on the foundation of Peter's home. Others think that Peter's original house was near the mill race along the road. When Bernice spoke to Mr. Roderick Strohl on his farm in Greenwich Township, he said it had been N. Z. Dunkelberger's .

Where the Maidencreek and Route 143 separate slightly, Clement's lands begin. His warrants were dated 1734 and 1743. Clement's lands end a short distance from the Dreibelbis Bridge. The present Norman Sunday farm was a Leiby farm. Harry I. and Paul Dunkelberger have visited this farm, and concluded that the description of the land on the deed fits the description of the farm in Clement's will. Another Leiby farm further ahead appears to be within the lands of Clements.

[Bernice Sell wishes it known that she did not research the original Dunkelberger lands. She relied on material submitted by Paul C. Dunkelberger, Shirley Turner, Harry I. Dunkleberger and on information provided by Charles R. and Robert Adam Dunkelberger. Refer to Page 2 of our genealogy for a map and description of the land warrants. A similar map was developed by Turner when she served as historian in 1981.]

DUNKELBERGER GENEALOGY WELL RECEIVED AND AVAILABLE

The reception to our Dunkelberger genealogy, released this Spring by the family association has been out-standing. Books are still available. The beautifully bound book now costs $85.00 and the unbound costs $71.00. Add $5.00 for postage and handling. The book contains over 600 pages and includes many pictures, an every name index and a mailing list of nearly 1600 Dunkelberger families. The accumulation and processing of this vast amount of material over many years of tedious labor demands an explanation.

The book's focus is on Dunkelbergers in America. Our very early roots here in America were given the very first priority. From this point, a Dunkelberger connection can more easily be found by others. Some of these branches need much more research but at least this broader base does open the door for expansion. Through the generations and in this book we have spelling variations of "Dunkelberger" even though all are descendants of Clemens and Margaretha (Godschalck) Dunkelberger.

In the genealogical text, the placement of the " - " is very significant. If a date or place immediately precedes this mark a birth is indicated. If a date or place immediately follows this mark, a death is indicated. If a space follows this mark the date is not a death date. A " * " behind the issue indicates that no other information is available for that person. This format appears later in the newsletter in the erratum and update.

Please send all updates, additions, corrections and pictures taken before 1900 to the editor. Articles for the newsletter are also welcome.

HISTORY OF OUR GENEALOGY

By Jacqueline B. Nein

Anna Ruff [1-352] attended a Dunkelberger reunion in eastern PA about 1910 [This could well be the reunion pictured on the centerfold of this newsletter]. She was a very old lady. Sadie (Dunkelberger) Voss visited her in Camden, NJ and got information about early members of the family. Irvin A. Dunkelberger blueprinted the material given by Anna. Later, when Irvin suffered a heart attack and could not work as a builder and architect, he got out the old blueprints and started charting the family. Those charts, more than 20 in number and ranging in size from 34" wide to as much as 56" to 72" long, were the basis for the first section of the book, relating to the descendants of Clemens and Anna Maria (Hauer). It is important to know that Carolyn Schwalm's research includes the proving or disproving of the information on the charts. Even though Carolyn submitted a tremendous volume of information, the abbreviated reference was only given when the information was never before printed in our genealogy.

Irvin A. Dunkelberger spent many hours and much money compiling at least 17 large family charts which covered 9 generations. Chart I starts with the immigrant and includes 4 generations. His aim then was to make a chart for each member of the 4th generation and include all descendants of that individual. Irvin died in 1949. Although Irvin did some research with Peter's line, the material was not well developed. Sadie (Dunkelberger) Voss of NE continued where Irvin left off. Sadie died in 1962.

Carolyn Schwalm obtained a complete set of these charts and she and her husband, Glenn P., began the process of cross-checking, verifying and expanding the information. Carolyn obtained permission from the families of Irvin and Sadie to work with the material and use it in a publication of the Dunkelberger Genealogy. This research was very extensive and included trips all over the U.S. locating Dunkelberger records and descendants. Carolyn began her research with Clemens' son John, but quickly was picking up the other lines also.

Carrie (Dunkelberger) Zimmerman grew up and lived in the Northumberland County area where the early Dunkelbergers settled. She was very interested in the Dunkelberger genealogy and in preserving our heritage, and made periodic visits to the homesteads and the private cemeteries.

About 1978, Dan Dunkelberger of CA contacted Shirley Turner with a set of charts and encouraged her to write a Dunkelberger genealogy based on these charts and on Sadie's research. Shirley obtained much accurate and valuable information from Carrie (Dunkelberger) Zimmerman. Shirley made some contacts in Berks County and received tremendous amounts of information on Peter's descendants from Mae Noecker and Jackie Nein. No one had completed sophisticated charts for Peter's descendants. Had Shirley and Carolyn worked together, that could have been the beginning of our comprehensive genealogy, but Shirley proceeded independently of Carolyn. The basis and the bulk of this first edition of Shirley's was the work of Irvin and Sadie. Shirley acknowledges this in her book.

As a result of the Dunkelbergers organizing a family association in 1980, much updated information became available and was forwarded to the association historian, Shirley J. Turner. Harry I. Dunkleberger very diligently researched the Dunkelberger roots in Germany. Both Shirley and Harry's work are examples of scholarly research. Because of Shirley's effort working in conjunction with the association, much more information became available for us. In 1982, Shirley released a second edition which was more inclusive. This effort certainly deserves our appreciation.

But still we had the hereto unpublished research of Carolyn Schwalm who also used the charts as her basis of study. In the past 3 years, I researched Peter and Elizabeth (Winar) Dunkelberger descendants here in Berks County, Pennsylvania. Much additional information surfaced. I knew I wanted to publish my findings on Peter, and that it was time to try to reorganize the family association and attempt to get all major contributors working together to produce a comprehensive Dunkelberger genealogy.

In preparation for this 1990 business meeting, I contacted Shirley to see if she was interested in helping me redo our genealogy. She agreed to be a contributing author and provided information to me on a computer disc. She also sent to me all the Dunkelberger correspondence and accumulation that she sent to the Lenhartsville Folk Museum. At the business meeting held in 1990, I was directed to begin organizing the material for our first comprehensive Dunkelberger genealogy and, as historian, to continue editing the annual newsletter. Phyllis Dunkelberger was named secretary, and her husband James, treasurer. No one would accept a nomination for president or vice-president. The next day at the reunion, Joan Lam and Lesley Wegman volunteered to chair the reunion committee for future reunions and M. J. deTurck volunteered to help them. These officers and this reunion committee have worked very hard to serve the association.

Early that Fall, Carolyn Schwalm agreed to be a contributing author and this was announced in the February, 1991 newsletter. Harry I. Dunkleberger was continuing his research on our roots in Germany. With my new information on Peter, Shirley's updates, responses from the newsletter and Carolyn's research, the volume of information was indeed, the basis for our comprehensive genealogy. It became essential to find ways to save space to keep the price of our book affordable. After the 1991 reunion, Turner changed her mind and decided she did not want to be involved in our united effort. The family association contacted a Berks County lawyer for advice about copyright laws and to help us incorporate as a non-profit group. The lawyer sent a letter to Shirley assuring her that our editions would not infringe on her rights, and that even if she continued to choose not to work with us her effort would still be recognized and appreciated. She forwarded no new information and declined the offer of a by-line until she could see a complete manuscript. This was not possible within the time-frame of publication. In May, 1992 I assigned copyright claim to "Dunkelbergers in America", our PA nonprofit corporation. Our registration number is TX 3 419 203. By-laws were written for approval at the 1992 reunion. Our incorporation became official with the new year. **The genealogy is printed and sold by our Dunkelberger family association. This comprehensive genealogy is the result of many family contributors. Carolyn and I are proud of this beginning and hope that you will preserve it, add to it, and make it an ever-growing history of Dunkelbergers in America. It is the hope of your officers that you will support and serve your family association.**

RGER REUNION
ERKS COUNTY PA

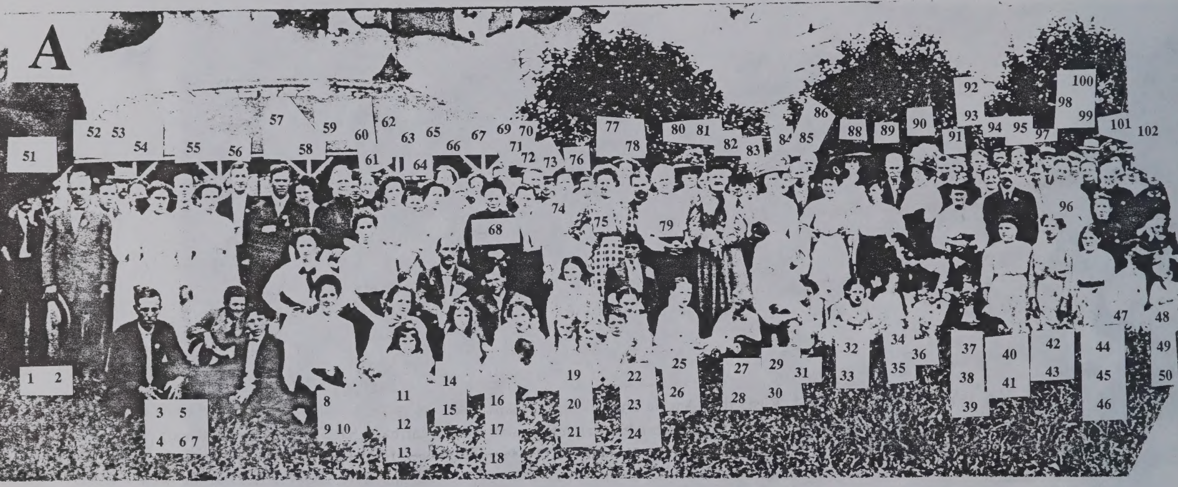
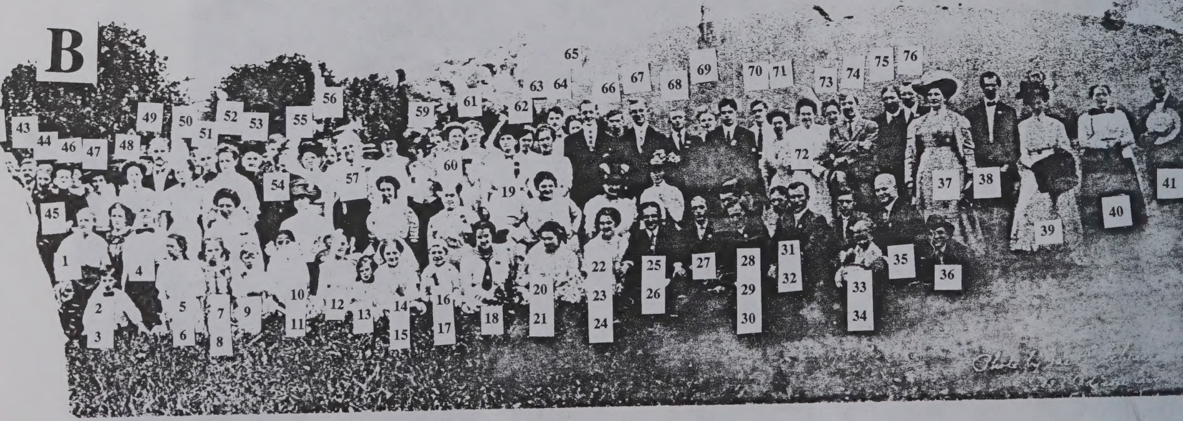
IDENTIFICATION KEY TO PICTURE ON PAGES 6 AND 7

This photograph is a very important one in our history and heritage. This is the last all-inclusive reunion picture that is available to us until our reorganization in 1980. It is important that our senior members get out their magnifying glass and attempt to identify the individuals in the picture which was taken in 1910. You will have to imagine how your relatives looked in 1910 in order to be able to identify them. Numbering has been difficult. You might want to xerox the picture and draw arrows to identify. Make sure to include the letter of the picture when using numbers, Please send the results to the editor so they can be included in future editions of our genealogy. Glenn Dunkelberger and Helen Wessner shared this photograph and Bernice Sell had it reproduced. [*Aside: Can you imagine attending a reunion these days in your Sunday best, in this attire?*]





DESCENDANTS OF CLEMENTS JR. [1-8]

After the death of Clements Dunkelberger Jr. [1-8] his descendants moved to Perry County, PA. In 1898 a family reunion was held at Warm Springs, Perry County. A picture of the people attending is owned by Harry I. Dunkleberger. Many of Clements descendants live near Williamsport, PA. Although a number of attempts were made and we have the names of many of these descendants, no one has sorted out the various lines. Anyone interested in helping please contact the editor. Perhaps in 1994 the picture of this reunion can be featured on the centerfold of the newsletter.

DUNKELBERGER GENEALOGY EDITED BY J. NEIN DEDICATED TO CAROLYN (DUNKELBERGER) SCHWALM [1-332-121-1]

Carolyn Schwalm is a name synonymous with genealogy.

Carolyn and her husband, Dr. Glenn P., of Valley View, PA are well known for their contributions to genealogy. In 1904, Carolyn's grandfather, James H. Dunkelberger of Hegins, PA, wrote the first known printed history of the Dunkelberger family in the form of a Broadside. This publication formed the basis of articles in Montgomery's *History of Berks County* and *Biographical Annals of Northumberland County*. Carolyn continued to identify Dunkelbergers and has actively researched for many years. Family vacations were planned around distant Dunkelberger research. Carolyn is an authority on the families of Schuylkill and Northumberland Counties. Over the years, she and her husband have copied many local church and cemetery records and collected numerous histories and genealogies. Carolyn has also been very active in the D. A. R. and has helped many applicants establish their membership in this organization.

Much Dunkelberger information was obtained through Carolyn's persistent and determined correspondence without the use of form letters; each inquiry was a personal communication. Carolyn's library, her hospitality and her culinary endeavors make Valley View a popular stop for avid genealogists.

In the true spirit of genealogy, Carolyn believes that knowledge should be shared. We are fortunate, indeed, to have her research included in this Dunkelberger publication and to have Glenn's contributions on the area history and the reports on the Dunkelberger landmarks. We are thankful to the Schwalms.

Carolyn Schwalm died January 22, 1993.

DUNKELBERGERS ARE AS AMERICAN AS APPLE PIE

A Message from your president, Paul C. Dunkelberger

The Dunkelberger Family arrived on the American scene August 23, 1727, early in the history of our country. Our Immigrant ancestors left their homeland in the Solingen area of the North-Rhine/West Falen Principalities of the Germanic Region of central Europe sailing from the Port of Rotterdam to the Port of Philadelphia in the British Colony of Philadelphia. They left their homeland before there was a united German nation or a German national spirit. At the time of their departure the Germanic provinces had not yet been brought together into a single nation. It was not until 1808 that Napoleon Bonaparte brought them together into a loosely knit concept of a nation. Even then, the German nation was not really crystallized until after the 1812-1813 "War of Liberation", and finally its acceptance as a nation at the "Frankfurt Assembly of 1848". Therefore, the Germany of our ancestors had little resemblance to the Germany of later years.

Our German ancestors came to America in very primitive ships, without the protection of a mother country, nor the blessings of an established church. They came as self-expatriated individuals to find a better way of life, liberty, freedom of worship, and to be more in charge of their and their children's destinies.

As early arrivals in America, they had a great impact upon the development of this nation. Indeed, they helped to weave the fiber and fabric of America as it struggled to become a free and independent nation. As such our Dunkelberger family was represented on the battlefields of all of America's great wars. We, the American Dunkelbergers of today are the beneficiaries of their dreams, sacrifices, dedication, ideals, and achievements. We have a great heritage and the responsibility to keep it great.

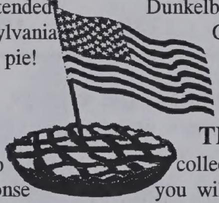
In the intervening years since their arrival in America the Dunkelberger Family prospered and multiplied, and became geographically dispersed. While the first few generations lived in Berks County, Pennsylvania, the various branches of the family are now scattered throughout the United States. This dispersion made it more difficult to keep tract of all the Dunkelbergers of today. It, therefore, became important that a means be developed to maintain a link between all family members regardless of place of residence.

Throughout the years many reunions of localized Dunkelbergers were held. While these served a good purpose they did little to link the Dunkelbergers together on a national basis. Therefore, there was a felt need and a longing to form a family association open to all the Dunkelbergers in the nation. This became a reality in 1980 when we organized the "Dunkelberger Family In America" which proved to be the necessary link to bind all Dunkelbergers together. This family association developed largely due to the conscientious efforts and dedication of Jacqueline B. Nein and Shirley Turner, both Dunkelberger descendants. Others such as Harry I. Dunkelberger were also very helpful in the process. It was my privilege to be the first president, and to be re-elected to the position again two years ago.

In 1992 we reorganized our family association into a more formal, purposeful and workable structure. We now have sound meaningful by-laws, have incorporated our family association, publish a yearly family newsletter and have a means to update our genealogy. The 1992 edition of our genealogy published by the family association also contained the extensive research of Carolyn Schwalm. In addition to a record of our genealogy back to our immigrants, it contains an every name index and a mailing list of nearly 1600 Dunkelberger families. Since 1992 our family association has been revitalized, strengthened and united the association, while at the same time, legitimatizing its purpose.

Through these efforts the history and heritage of the Dunkelberger Family In America has been well researched, documented and preserved. Nevertheless, there is a need to continue research and updating.

In conclusion, I wish to invite all Dunkelbergers from across this great nation to attend the July 9, 1994 reunion to be held in Berks County, Pennsylvania. It is a great opportunity to get acquainted with many more Dunkelbergers, to learn more about the extended Dunkelberger family and to enjoy good food and fellowship. You will even learn that the Pennsylvania Germans, of which the Dunkelbergers are an integral part, are more American than apple pie!



MORE AMERICAN THAN APPLE PIE

Joan Johnson has volunteered to attempt to collect special apple pie recipes baked by Dunkelbergers. Depending on your response you will hear about the results of this inquiry. Send your recipes to Joan at 1032 Wyomissing Blvd., Wyomissing PA, 19610 and if you are willing to bake a pie or two for the reunion we can plan a pie tasting contest and also auction off pies.

NEWS FLASH

1-7 **Philip Dunkelberger's** tombstone with date of death was found by William Derrick. For more information you can write to William at RD1, Box 254, Shamokin, PA 17872.

OLD PICTURES AND FAMILY STORIES NEEDED

This newsletter can reflect our family better and be much more interesting if more Dunkelbergers will make contributions. Old pictures taken before 1900 are always most welcome. Please scratch your memory and imagination and submit the results. Even something like reporting on this year's upcoming reunion week-end illustrating with a few photos. You people whose ancestors were pioneers and moved westward could probably write interesting accounts of the journey and early settlements. Please share!

EDITORIAL POSITION AVAILABLE

A new editor is needed for future publications of the Dunkelberger newsletter. Our historian will still provide update information on births, marriages and deaths and continue to keep our genealogy current. This is a great opportunity and learning experience for someone interested in journalism. Volunteers should write to the current editor.

SATELITE REUNION VERY SUCCESSFUL

Pearl Davis and her committee planned a very successful reunion held August 8, 1993 at the Tall Cedars in Augustaville, Northumberland County. The bus trip had to be canceled due to lack of interest, but a great time was had by all. After a very delicious chicken barbecue, Frederick Reed, County Register and Recorder of Deeds shared some of his local stories of the county's history and culture. We thank everyone who attended and pitched in to help make the afternoon most enjoyable. At the reunion there was talk that someone was trying to open a Dunkelberger museum near Augustaville. Dan Dunkelberger of 953 Elizabeth Street, Pasadena, CA 91104 wrote to me last year volunteering to return the original Dunkelberger charts to PA. Since most of the charts involved Northumberland County residents it does seem fitting that the charts be returned to that county. It also is quite possible that the charts could be returned to the historical and genealogical society which are housed in the same building. Write to Dan or send your thoughts to the editor.

ALL IN THE FAMILY

reprint submitted by Phyllis Dunkelberger

Everybody comes from 2 parents, 4 grandparents, 8 great-grandparents, 16 great-great-grandparents, etc. Every generation back we go, we have twice as many lineal ancestors.

This is very much like the Persian Chessboard problem. If there are say, 25 years to a generation, then 64 generations is 64 x 25 = 1600 years ago, or just before the fall of the Roman Empire. So, everyone of us alive today had in the year 400 some 18.5 quintillion ancestors, - or so it seems - to say nothing about collateral relatives. But this is far more than the population of the earth then or now. It is far more than the number of human beings who ever lived. Something is wrong with our calculation. What? We have assumed all those lineal ancestors to be different people. But this is not the case. The same distant ancestor is related to us by many different routes. We are repeatedly connected with our relatives. Every marriage brings cousins together.

If we go back far enough, any two people any where on earth have a common ancestor. Whenever a new American President is elected, someone, generally in England, discovers that the new President is a distant relative of the Queen of England. This announcement is intended, perhaps to soothe any residual American longing for a king of our own. Of course, when two people derive from the same small corner of the world, and their genealogies are well-recorded, the last common ancestor can be discovered. But whether it can be discovered or not, a relationship is clear. We are all cousins - all members of a vast world-girdling family. It's time, I think, for a reunion.

DUNKELBERGER GENEALOGY RELEASED

The 1997 edition will contain everything that was included in the 1992 edition plus all additions and corrections and all new births, marriages and deaths. More pictures have been added. **The new and last edition is expected to be available and first mailed in April**. The price will still be $85 (hard bound) and $71 (soft bound and drilled). Residents of Pennsylvania should include 6% sales tax. Add $5 for postage and handling. Books may be picked up at the 1997 reunion

A genealogy is considered adequate when it includes the first four generations, the theory being anyone can pick up and connect on to after that 4th generation. Of course ours goes far beyond that minimum. We had 50 copies printed. Other printings will be made as needed. We have come a long way with our genealogy and our family association. Certainly we are the envy of many who appreciate the value and significance of heritage and history.

Please continue to update your genealogy and your membership.

INFORMATIONAL

Over 1400 letters were sent out in this mailing with a request for a confirmation of the correct address if the individual or family was not a member and had not confirmed previously. Because we have had so few confirmations in the past, it seems our present mailing list is obsolete, or quite a few individuals do not wish to continue receiving a newsletter.

Anyone who is willing to serve as an officer or a committee member should attend the Friday night meeting or notify the president before the meeting.

SUGGESTIONS ????? DECISIONS

A number of decisions need to be discussed at a policy session Friday night. If you can not attend the meeting but wish to have input please put your thoughts in writing and send them to the treasurer. Suggestions will be discussed at the policy meeting Friday night and recommendations made to the general membership Saturday. Notice is now given that by-law changes will be considered.

Tentative agenda includes:

- Supplements to our genealogy
- Reunions every *fourth* year here in Berks County; encourage satelite reunions in off years
- A *lifetime* membership in addition to a yearly option
- Newsletters reduced to every two years until contributions increase considerably

CROSS ROADS

To continue to grow we need to evaluate and plan for the future without expecting unreasonable demands of just a few volunteers. We have included a copy of our by laws. Please bring this newsletter to the reunion week-end and save the copy for the future.

An Odd Sight in a Graveyard

Reprinted from February 15, 1902 edition of the Reading Weekly

Illustrated with a linoleum block

Aged Stranger Kneeling in the Snow as if in Prayer-Copies the Inscriptions on the Tombstones.

A strange sight was witnessed at Epler's Church burial ground a few days ago. While several people were passing the cemetery they noticed in the midst of a heavy snowfall a man, apparently past 70 years of age, kneeling near several graves. He had his head bared and bowed , as if in prayer. He was accosted by several persons, but he refused to state his name or to tell whence he came. His manner of speech indicated that he is a man of more than ordinary intelligence, but in all his talk with the residents he has not left a single syllable drop which would indicate his identity. Some persons are of the opinion that he is partially demented. He was first noticed some days ago when he entered the cemetery and began to read the inscriptions on the tombstones. He did this for several hours, then left, but returned. He is not known to any of the residents in that vicinity, and it is the opinion of some that he was a former resident whose relatives lie at rest in the burial ground. Some incline to the belief that he is an inmate of some institution and has wandered away. Where he spends his nights and obtains his meals is not known. The old man carries a tablet with him and as he pauses in front of a tombstone he writes down the inscription.

"Blessed be the man that spares these stones, and curst be he that moves my bones." Shakespeare

A LITTLE STEP AWAY

(author unknown)

To close the eye, to fall asleep
To draw a labored breath,
To find release from daily cares
In what we know as death.

In this the crowning of a life,
The aim or end thereof?
The total sum of consciousness,
The ripened fruit of love?

It cannot be, for works of God
Are wrought for nobler ends,
And those away continue on
In the hearts of kin and friends.

It cannot be, for they live on
A little step away.
The soul...the everlasting life,
Has found a better day.

"God places the solitary in families," Comforting words from the Bible...families by blood, by obligation, by necessity, by desire,...AND sometimes, if one is very lucky, by love. It is a word that implies solidity, a rock-solid foundation, a place to go home to...to grow out of...to grow away from, and yet to remember and hang onto...the echoes never leaving one's ears or one's heart, the memories carved like painted ivory, from a single tusk, delicately colored in brilliant hues, and softer ones, faded sometimes, so dim as to be almost forgotten...and yet never to be totally forgotten or left behind. The place where one begins, and hopes to end...the thing one works hard to build on one's own...the pieces like building blocks reaching high into the sky...FAMILY...what images that conjures...what memories...what dreams.
